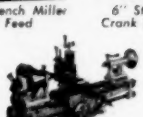
CASTINGS!

Practical Projects for the School Shop

No. 2 Bench Miller 8" Feed

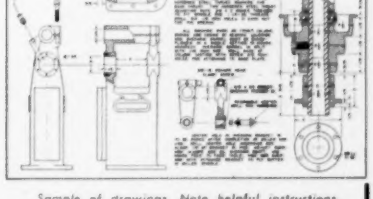
6" Stroke Crank Shaper



8" Swing Screw Cutting Lathe

We supply complete sets of castings for building a number of small machine tools all of which can be constructed in the average school machine shop and all designed for individual or group construction. Our machines provide intense Student-Instructor interest and when completed become valuable additional tool equipment for the school shop.

Catalog and Portfolio No. 1 containing complete construction drawings of 3 plain and screw cutting bench lathes and accessories, $1. Portfolio No. 2 containing complete construction drawings of 3 bench milling machines and bench shaper and accessories, $1. Both Portfolios, $1.50. Full refund on castings order. Catalog only sent when requested on your letterhead.



Sample of drawings. Note helpful instructions.

POOTATUCK CORPORATION, 32 Sammis Place, Stratford, Conn.
